RICH & SONS

Route 4, HILLSBORO,

NURSERY

OREGON

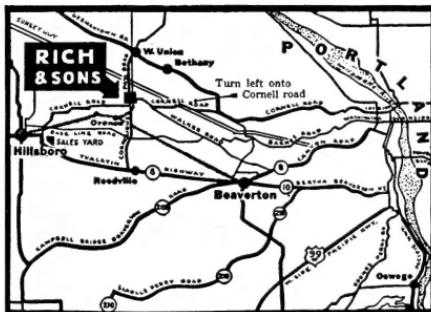

Member: American Association of Nurserymen
Oregon Association of Nurserymen

NOMENCLATURE

To avoid any confusion in varietal names, we have attempted to follow "Standardized Plant Names" in our nomenclature. For the convenience of those who prefer the use of the common names, they are printed immediately following the botanical name and are listed in the index on the inside cover.

We have added brief descriptions together with indications of ultimate height as a guide to planting. These are approximate only and will vary considerably due to climate and soil factors and pruning practices.

LOCATION

Our office and warehouse are located 13 miles west of Portland. Drive out Sunset Highway to Cornell Road junction then 3 miles west on Cornell. Five miles east of Hillsboro on Cornell.

Rich & Sons Nursery

Route No. 1

Hillsboro, Oregon

Telephone: Hillsboro Midway 8-4770

To our customers:

Prices quoted in this list are for the wholesale trade only and are based on current conditions, therefore subject to change without notice.

RATES:

Bare Root Plants

Order of less than 10 plants of a variety will be charged at 20% more than the 10 to 50 rate.

10 plants, but less than 50 will be charged at the 10 to 50 rate.

50 plants or more will be charged at the 100 rate.

Berry plants and seedlings as listed.

Balled and Burlapped Plants

1 to 5 plants of a variety at the 20% above 5-25 rate.

5 to 25 plants of a variety at the 25 rate.

25 or more plants of a variety at the 100 rate.

Roman numerals, where shown, following the plant name indicate their hardiness zone according to Rehder's "Manual of Cultivated Trees and Shrubs," Second Edition.

Zone I Below -50°

Zone II -50° to -35°

Zone III -35° to -20°

Zone IV -20° to -10°

Zone V -10° to -5°

Zone VI -5° to $+5^{\circ}$

Zone VII $+5^{\circ}$ to $+10^{\circ}$

TERMS OF SALE

Prices are net.

Terms of "2-10-net 30" shall be interpreted thus: 2% off on invoice price for payment in full on or before the 10th day following date of invoice. All monies due and payable as of date of invoice. Accounts considered "OVER-DUE" 60 days after date of invoice.

Boxing and baling are additional.

Quality guaranteed F.O.B. — Hillsboro, Oregon.

Goods travel at purchaser's risk and expense.

G R A D E S: according to standards of the American Association of Nurserymen.

If any nursery stock, etc., proves to be untrue to description per sale, we are prepared upon proper proof to replace all such nursery stock, etc., or refund the amount paid. In no case shall we be liable for any sum greater than the amount received by us in payment for such stock.

We express or imply no warranty as to productivity or life of nursery stock we sell.

Positively all claims for error or shortage must be made within ten days of receipt of merchandise.

All orders accepted subject to crop conditions; and with mutual understanding that we shall not be liable for non-performance should injury befall our stock from hail, fire, flood, frost or other causes beyond our control.

Taking of unearned discounts cannot be allowed.

Substitutions will NOT be made unless authorized by customer.

—aldenhamensis IV

Flowers darkest reddish-purple, brilliant fall single to semi-dble., 1 1/2" or larger in diam., Apr. Fruit purple-red, about 3/4" diam., Sept.-Oct. Foliage bronze. Rapid growing.

—atrosanguinea IV

Flowers fragrant carmine to rose pink, 3/8"-1", April. Fruit red, 3/8", very few. Glossy bright green foliage, somewhat culleaf. Dense irregular branching pattern.

—Beauty III

Single white flowers 1-3/4". Bright red fruit 1" or over. One of best for ornamental fruit. Excellent culinary use. Green foliage. Fastigiata habit 18' x 7'.

—Dolgo III

Single white flowers 1 1/2"; bright red fruit, over 1"—Aug. Green foliage. Tree rather upright to 25'.

—Eleyi IV

Single purplish-red flowers 1 3/8" diam. April. Purplish-red fruit 7/8" diam., Sept.-Oct. Dark green foliage with purplish-red veins. Fast growing to 20' x 20', irregular pattern.

—Flame II

Single pink to white flowers 1 2/3". Bright red fruit 3/4" diam., Aug.-Nov. Green foliage. Erect growing, very hardy.

DECIDUOUS SHADE AND ORNAMENTAL TREES (continued)**—floribunda IV**

Single pink flowers fading white, 1 1/4", May. Yellow and red fruit 3/8", Aug.-Oct. Small soft green foliage. Spreading pattern, irregular and angular, slow to 20'.

—floribunda purpurea IV

Single crimson flowers, May. Bright red 3/8" fruit in fall, Aug.-Oct. Bright red foliage in spring. Tree pattern as floribunda.

—Hopa

Single, purplish-red flowers 1 3/4", April. Orange-red 3/4" fruit, Aug.-Oct. Jells. Dark green to bronze foliage. Tree fast growing to 20', regular pattern.

—micromalus IV

Single pink, fragrant flowers 1 3/4", May. Red to greenish-red fruit 1/2" diam., Sept.-Oct. Green foliage. Tree upright, dense, 20'.

—niedzwetskyana III

Purple rose 1 1/2" flowers, April. Wine-red 2" fruit, Aug.-Oct. Large purplish-green foliage. Irregular form, red wooded. 20'.

—purpurea IV

Single, purplish-red flowers 1 2/3"; purple-red fruit 1", Aug.-Oct. Dark, reddish green foliage. Dense rounded form to 25'.

—Red Silver IV

Chinca rose flowers 1 1/2", early May. 3/4" purplish-red fruit, Sept. culinary. Reddish green foliage with silver overtone. Dense and slow to 30'.

—Scheidecker IV

Double pale pink 1 1/2" flowers, early May. 5/8" yellow to orange fruit, Sept. Dense green foliage. Tree upright, broad, 20'.

—arnoldiana (Arnold crab) IV

Single pink to white flowers 2' diam. Yellow and red fruit 3/8"- 1/2" diam., Sept.-Oct. Glossy dark green foliage. 20 to 30'.

—Arrow IV

Late flowering. Dark red flowers completely cover tree. Oxblood fruit.

—baccata II

Single white flowers 1 1/2", April. Very fragrant 3/8" red and yellow fruit, Sept.-Nov. Dense green foliage. Bush form 25' x 20'.

—baccata mandshurica II

Single white, fragrant flowers 1 1/2", April. Earliest to bloom. Bright red fruit 1/2", dense foliage. Bushy tree to 30' x 20'.

—floribunda hilleri

Large semi double flowers, crimson in bud to bright pink. An excellent improvement over floribunda coming from England. 12'.

—hupehensis (Tea crab) IV

Single pink to white flowers 1 3/4", April-May. Greenish-yellow and red fruit 3/8". Sept.-Oct. Soft green foliage. Tree rigid spread, to 15' to 20', fan-shape pattern.

—Lemoine IV

Single pink, fragrant flowers 2", green fruit 2". Large soft green, broad foliage; high fall color. Tree rather open, interesting pattern.

DECIDUOUS SHADE AND ORNAMENTAL TREES (continued)

—Redfield IV

Carmine to pink flowers, May. Red fruit $1\frac{3}{8}$ ", red flesh, Aug.-Oct. (shape of Red Delicious apple), culinary value. Dense reddish-green foliage. Dense form, medium large to 30'.

—Redford IV

Single pink flowers; red fruit—culinary value. Foliage bronzy green.

—Rivers IV

Double pink 2" flowers, early May. Fruit green $1\frac{1}{4}$ ". Fine green leaves. Open graceful form, 24'.

—robusta III

Single white flowers, sometimes slightly pink, $1\frac{3}{4}$ ", fragrant, early May. Fruit red and yellow, 1", Sept.-Oct. Dense foliage. Form oval dense branching, 40'.

—scugog

Single purplish-red flowers 2"—May. Purple-red fruit $1\frac{2}{3}$ ", edible. Bronzy green foliage.

—spectabilis alba plena IV

Double white flowers $1\frac{3}{8}$ ", early May. Yellow-red fruit $1\frac{1}{2}$ ", Aug. Green foliage. Open form.

—toringoides

Single white, fragrant flowers $\frac{3}{4}$ ", late May. Fruit pear shaped $\frac{3}{4}$ ", yellow with red cheek, Aug.-Nov. Dense cutleaf light green foliage. Broad upright form, graceful, dense.

—yunnanensis veitchii III

Single white flowers $\frac{1}{2}$ ". Red fruit. Leathery, large dull green foliage, orange-scarlet in fall. Columnar form.
